June 2005

What is

Tawsingham?

A new and different style of event, unique in the world! *À La Carte BDSM* using a 'market' to match the needs, desires, resources, skills, talents, etc. of everyone there, to try to create a viable and balanced community.

It's a new solution to the challenge for event organisers; how to balance the numbers and needs of men and women, doms and subs, so all get what as close to what they want as possible.

If other people want you there, whichever gender and orientation you choose, they'll pay to prove it, if what you offer is less in demand you transfer-fund others; **but pay no more to the organisers than anyone else.**

Everyone is accountable. All choose their gender and station in life in Tawsingham, accepting the obligations and responsibilities to match and carry that role right through the event, 24 hours a day.

We hope to create a community of friends, with a good mix, brought together to form a balanced community, where there are none who think themselves above the law, and those who want it are truly owned.

The model is a pastiche of an English village, somewhere between 15th-19th century that might have been in a parallel universe, with features hanging on from earlier centuries and others from the late 20th century.

Who Is It For?

Couples (or threesomes, etc.), any variation, who live together but can't play often due to childcare, etc. responsibilities, or who live apart and want to enjoy time they do spend together as quality BDSM play in a social context, in good company.

Girls who fancy a role in *Story of O*, the *Beauty* Trilogy or a *Gor* novel, (but in a minor or support role probably, unless born a girl)!

Dominants and friends seeking 24 hour a day play, &/or others scenes hard to do normally.

Any maid or man who wishes to serve. The Workhouse regime is likely to suit you, or you may well find a Master or Mistress who is even better suited!

'Ethical Sluts'; submissives looking for BDSM and/or sex-play, in an ordered and safe framework, maybe not of a conventional kind.

Singleton Dominants who want to join in and take a full part. Especially if you may enjoy buying or borrowing a submissive.

Anyone looking to be a human pony, puppy, kitten, etc, or even baby or toddler, (but sometimes not 24 hour a day or at all).

Ladies are very welcome in all roles and Tawsingham economics are such that they can usually negotiate a much better deal!

We also seek those with useful skills or talents: blacksmith, book-keeper, leather-craft, maid-craft, make-up, massage, dress-maker, vicar, etc.—we can craft a special deal to help you contribute, to mutual advantage and perhaps even profit.

Handbook

Costs

We've sent out dozens of copies of a first draft for consultation; if you'd like one just ask. Tawsingham SW in June and Denmark will be run to early editions. The first 'proper' printing will feature photos from these events and include lessons learned and go out in August.

News Of Events!

Period Dress:

Girls said, 'if we're going to be treated as wenches, (and please do!), then if we're allowed clothes we'd like to dress as wenches!' So we've people dressing in period clothes from Viking to Edwardian, but modern will always be OK too.

The Handbook lists a few sources of period gear, most are for general historical re-enactment, but one knows us, if you have any special needs and/or want to go to someone without risk of embarrassment.

Workhouse

That's where singleton submissives go after the Hiring Fair, if their services are not bought by a Master or Mistress.

For now, Sir Guy will be Workhouse Master, ably assisted by his Tawsingham wife, a lady taking this roles for the event!

Most Workhouse inmates will work in *The Green Dragon*, the ale-house that will form the community centre.

Probably slave-girls as waitresses, who may enjoy the attentions of the customers, more, see drawing overleaf!

Nobody need pay more than £400 each (unless doing 8 days in Denmark), our questionnaires suggested that would be acceptable. **Most pay rather less**, some may even make a profit. (Eg **ladies born that way**) The Handbook shows how it works.

Costs have risen a bit, as we do the sums, find unexpected costs, etc., see enclosed Booking Form. If I quoted lower prices to you, then I'll stand by them.

Tawsingham SW June

Evening of Sunday 12th until early morning of Friday 17th.

The facilities are luxurious, very comfortable indeed

The households include: Mistress + husband, Mistress + wife, Master + slave-girl, Master seeking staff, one who isn't, Spinster, Master + lady House-keeper, Sir Guy with his wife.

There are places for 9 serfs; 6 with Masters or Mistresses, 3 in the Workhouse, with only 5 booked in so far, two slave-girls, a slave-boy, two bondmaids. It is a balanced community already!

We can take **4 more serfs**, a house-trained **human guide dog** for a blind participant and a **Spinster**, (but not a bachelor, unless in a caravan). We've a spare bed or two for a **woman coming for a day or two**.

There may be a **cottage to let**, double+twin-bed rooms. Maybe no limited cooking facilities, eat in the Green Dragon or another household. Sir Guy would like to see two couples sharing it, or a four-person household, ideally led by a Mistress.

Other arrangements are feasible.

We can take several **more caravans** or motor-homes, but only if they have their own sanitary facilities, etc. No tents, unless used as annex to a van.

What Do We Do?

I have set the major events of the timetable; arrival of the households on Sunday evening, singleton submissives arriving noon Monday, Hiring Fair on Monday afternoon.

If interested in ponyplay you can join the De Ferre event on Sunday and go with us to De Ferre again on Wednesday.

There will be some ponyplay at the venue (or even at De Ferre again, if enough are interested) on Tuesday and Thursday afternoons.

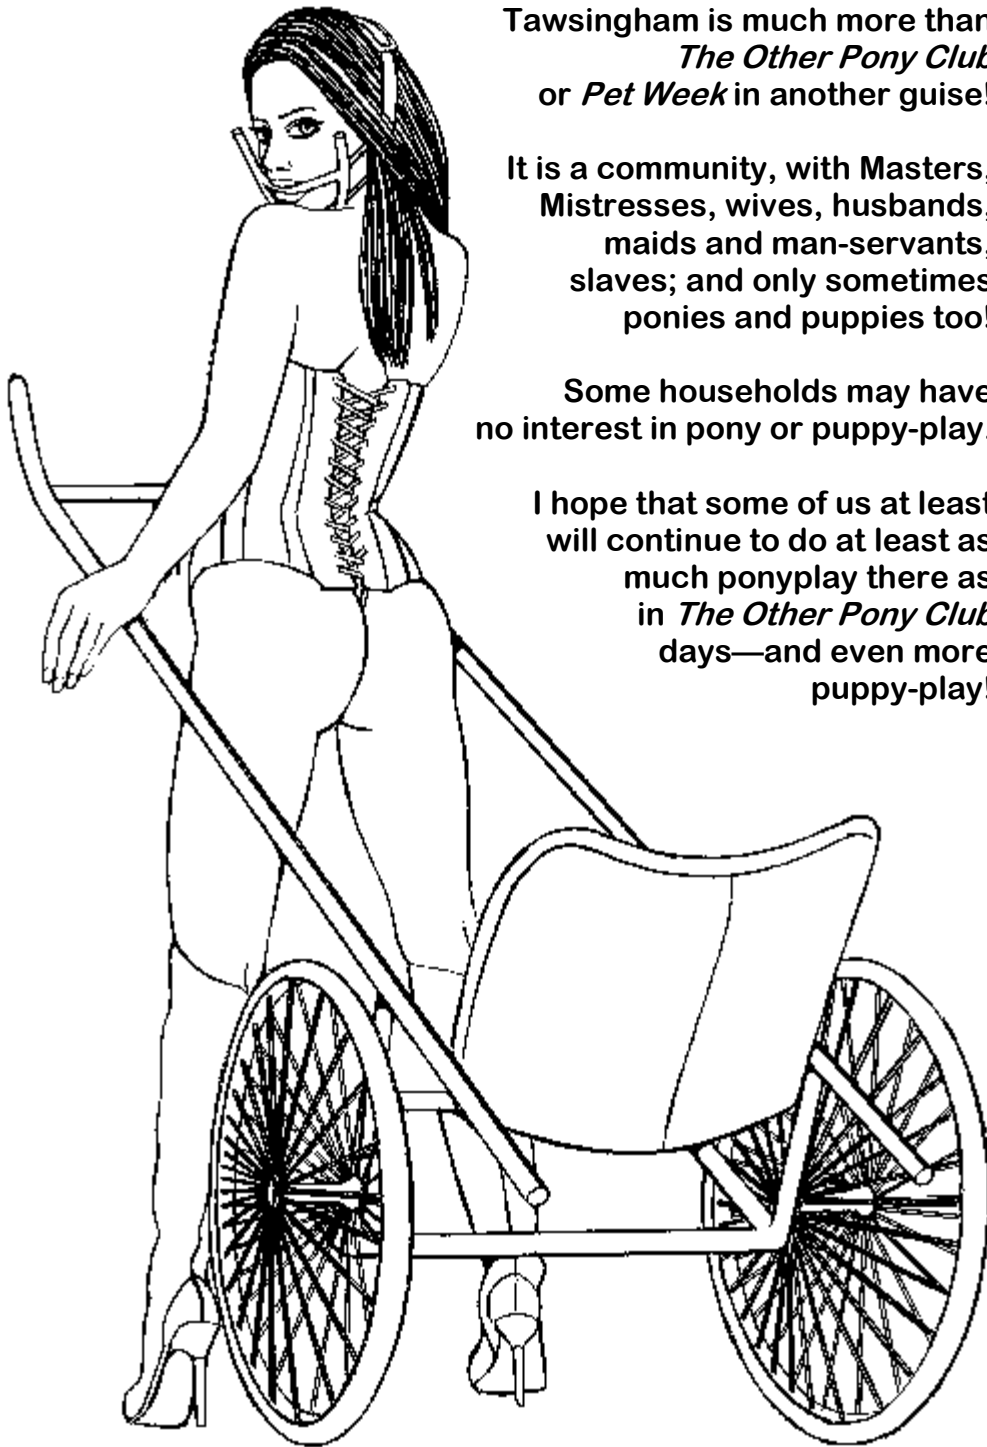

There may be puppy-play too!

On Wednesday evening there will be a Dinner party for the Householders and their wives and husbands, etc. served by the smartest and best-trained maids.

Thursday evening there will be a general party. Everyone will be released from their Contracts, etc. early evening and the remainder of the deposit repaid to them then.

There may be a Magistrates Court some days, with miscreants locked in the stocks or pillory, flogged at the whipping post or army-style (see cover picture) or naval grating. Tawsingham Corporation may meet too.

One person at least is bringing a guitar, and I hope it will be played in the Green Dragon. I hope others will come with any instruments they can play too.

**Tawsingham is much more than
The Other Pony Club
or *Pet Week* in another guise!**

**It is a community, with Masters,
Mistresses, wives, husbands,
maids and man-servants,
slaves; and only sometimes
ponies and puppies too!**

**Some households may have
no interest in pony or puppy-play.**

**I hope that some of us at least
will continue to do at least as
much ponyplay there as
in *The Other Pony Club*
days—and even more
puppy-play!**

People booked in so far have a varied knowledge of life and the scene.

As Workhouse Master I hope to tap into this pool of expertise to eg help the girls in the Workhouse (and any others) be even better girls, to pass on as much as possible of the hints, tips and techniques involved in domestic or other service.

I hope to encourage any with knowledge in eg Rope Bondage, electric play, depilation, massage, etc. to share it with others.

I feel sure we will have a ready supply of willing models, victims, etc. ...

I want to develop beyond any idea that the organisers are only there to entertain the guests, or that the guests are just there to passively watch a show.

If that's what you want I suggest that you may be disappointed; you'll certainly not be welcomed very warmly.

I want to involve as many of us in as many different ways as possible and make it very much an event for all of us.

Of course, if you just want to take your own household, lock yourself in your cottage and play, you can do that too.

Afterwards you can come and talk about it in The Green Dragon, show us the marks, and let us to share that very special post-scene glow; or not ...

Another may bring her bow and set up a butts to practise with it. Archery practise was obligatory for all men in a medieval English Village, and in Tawsingham we see every reason to encourage women too!

Site facilities, from the sauna, hot tub(s) to dungeons really have to be seen to be believed! I expect many hours will be spent exploring ways to use them!

I don't present independent-minded Dominants with a tight timetable they've not agreed; it's akin to herding cats—it doesn't work, they don't like it and it can make one look ridiculous!

We'll only see what people will do, when we meet and discuss it-but please tell what you'd like beforehand, if you can, so I can ensure we have whatever we need to make it happen!

Tawsingham Denmark

Now begins Sat. 2nd!

Until 10 July, SISC camp. Few can do a full 8 days, so come eg Sat 2nd-Thurs 7th or Tues 5th - 10th at a cheaper rate!

Tawsingham SW is 3 star luxury, SISC camp is laid-back Scandinavian 'Youth Hostel'. *Do what you want, wear even nothing at all, anywhere, keep it safe, sane, consensual, recycle it all!*

The facilities for scene activities are far better in many ways. The sauna can accommodate 10.

Three dungeons; a big sand-floored one, slings, suspension facilities, St Andrews crosses, cages, webs, benches. There is an 'ecclesiastical-theme' dungeon, all exposed bricks and would suit aspirants to the 'Spanish Inquisition'. The large and fully tiled wet room, with showers; seems ideal for hosing down the ponies, even though the more nervous ones may be spooked by some of the more esoteric equipment!

There are suspension facilities outdoors, in the farmyard. There is a stone-walled room we can floor with straw and tether half a dozen ponies in overnight as stable, cells that you can lie down in and cells you can't. There is a fully equipped leather-craft workshop, (which can be used for other work too), some land for eg ponying in, even a plough for the ponies to pull in the adjoining field!

There's a lecture theatre for 'school' and a 'clinic' for massage or medical games. (Once year we the ponies there, threatening to geld them!) The dining hall, with its own kitchen, will serve as 'The Green Dragon.'

The commercially equipped kitchen means we can offer communal meals. The Workhouse may offer eg morning tea, room-cleaning, laundry, etc. to help train maids. (There's a coin-operated washing machine and tea-urn, etc. for everyone else!)

To be wholly self-contained bring a caravan or tent. Priority on the few private bedrooms, goes to couples, etc. The dormitory has single beds and can be split into "households" by curtains. The loft above, with mattresses on the floor will be the 'Workhouse dormitory'. The site can take 60 or so, we expect 20-30 first time.

High points:

Hiring Fair Sunday

Puppy-play Monday

Pony-play Tuesday

Summer Games (competitive CP tournament), party in evening, on Wednesday.

Leave by 10 am Thursday if only doing first-half-week, evening Dinner Party

'Hound Show' Friday

Pony Tourney Saturday, and party in the evening

Key advantages are:

Come as a spinster or bachelor; no need to take staff!

Come just for part-week!

Easier/quicker/cheaper travel than N Devon for many; £50-£100, a hour from Stanstead!

Be a **full-time pony, puppy, piggy, convict, adult baby, toddler, adult child**, which we can't do at Tawsingham SW. We'll do almost all we do at Tawsingham SW, as well!

Arrive after Sunday as submissive, you go into the Workhouse. If you want to take on a slave or maid, etc. you can get one there!

At their own request, please molest short-skirted Green Dragon slave-girls — but NOBODY ELSE!

Tawsingham SW Sep.

Sunday Sep. 25-Friday 30

It already looks as good as June, maybe better; a couple of households and serfs booked in, and a real girl who'll attract a lot of interest at the Hiring Fair!

Download the draft Handbook free from www.tawsingham.com or send a fiver for a copy, which can be set against your fees later.

Do ask questions as soon as they occur, each question asks helps me to improve the draft! I'm happy to briefly chat on the phone—just don't expect me to summarise a 70+ page book!

We've sent forms to Members, etc., please fill one in even if you've already booked, so that all the info is in the same format and can be kept tidily together, like with like.

You will get a form if you join, or just ask!
